TOUR OVERVIEW

At the edge of North America, on one of the four corners of the world, Newfoundland and Labrador is one of the best places to see and appreciate nature in all its glory. Dramatic coastlines, sweeping barrens, thick boreal forests, and ancient rock formations, the natural, wild beauty of this place surrounds you at every turn. The living landscape is its own wonder – teeming with seabirds, moose, caribou, and rich marine life. Warm and welcoming, fun loving and funny to the core, the people here are also known for their natural creativity, unique language, and knack for storytelling. Perhaps that's why Maclean's magazine thinks Newfoundland and Labrador has one of the Top 10 Friendliest Cultures in the World!
